

## SATAN AND THE SIN BALLOONS

**We need to talk.  
This is  
serious.**

Hello, My name is Sonny. I was led to write a Children's Book that mixed key points in the Bible with modern day games so children might pay attention for a minute.

The Book is called "Satan and the Sin Balloons." This is a short comic book to give you preview of the actual book, to see if you like it and maybe mommy will buy you a book when it comes out. Soon!

Every time we sin, a black balloon floats in the air and eventually the sky can get so full, that it becomes hard to pray and talk to God. In the book, you can become interactive by listening to each story and guess how many balloons, the faith is high or low, and the strength of the people. Satan loves to attack when we are weak have low faith.

## SATAN AND THE SIN BALLOONS

When God created the Earth and man, he knew that man would sin and that because of that sin that all his seed would sin as well. So he developed a plan that would allow man to understand how much he was needed and that they should learn from their sin, so that one day, they could live with God for ever and ever.

Satan (Lucifer) was a beautiful angel that was cast out of heaven with a third of his angel followers because he rebelled against God and he wanted to be like God and was very prideful. He knew whatever God plan was, that he would be able to sabotage the plan and have a better plan. So Satan decided to make a game out of it and the winner, controls the people.

## SATAN AND THE SIN BALLOONS

The game rules were that Satan would have sin filled black balloons float up in the sky for every sin committed. Then, when God could no longer see, because of the amount of balloons, then God could no longer be able to communicate with the people and Satan would be free to control the world, without God. Satan also wanted God to give him an Xbox controller, so he monitor the health of the people so he could attack them while they were most vulnerable.

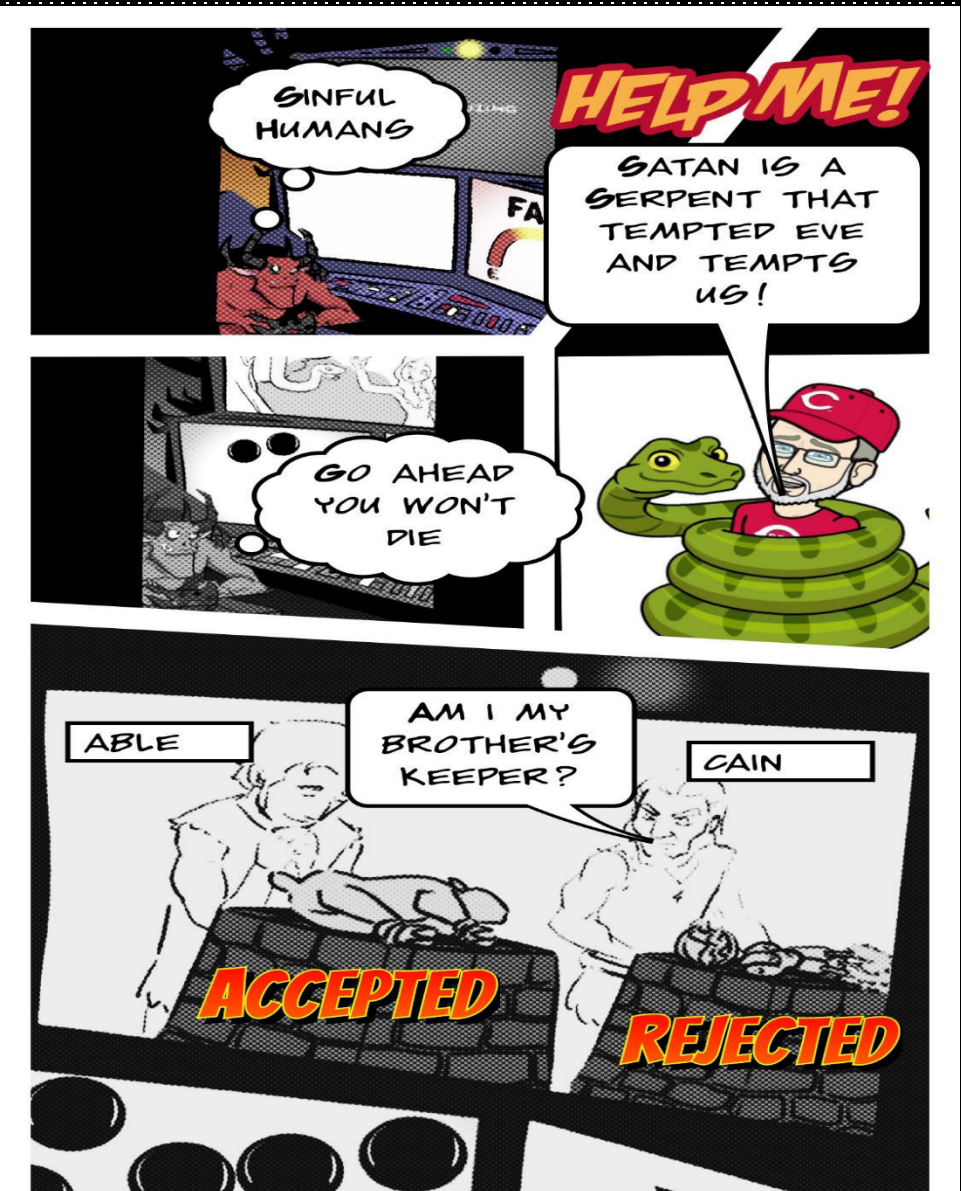

## SATAN AND THE SIN BALLOONS

So God agreed to Satan's challenge (God already knew what would happen and the end result that Satan would be defeated and God's plan for Kingdom in Heaven and on Earth would be accomplished) so he let Satan think he was giving into the challenge, when it was God's plan all along strategy.

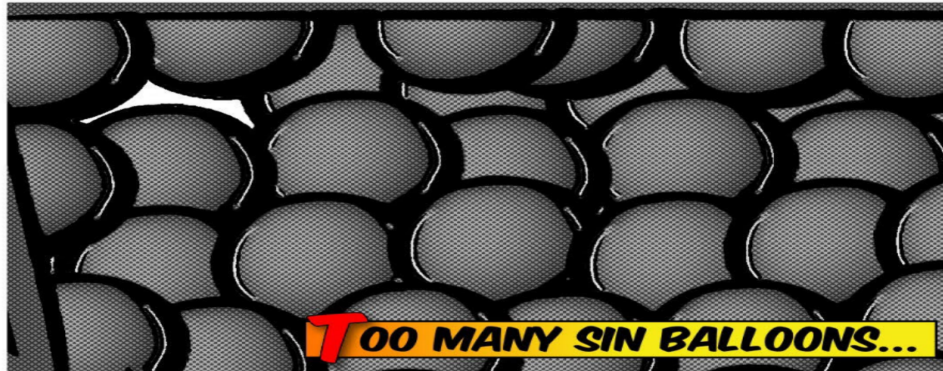

Satan (disguised as a serpent) persuaded Eve to take a fruit from the tree and eat it so she could be like God.

Adam and Eve's children (born in sin) learned what death was when Cain killed his brother over jealousy.

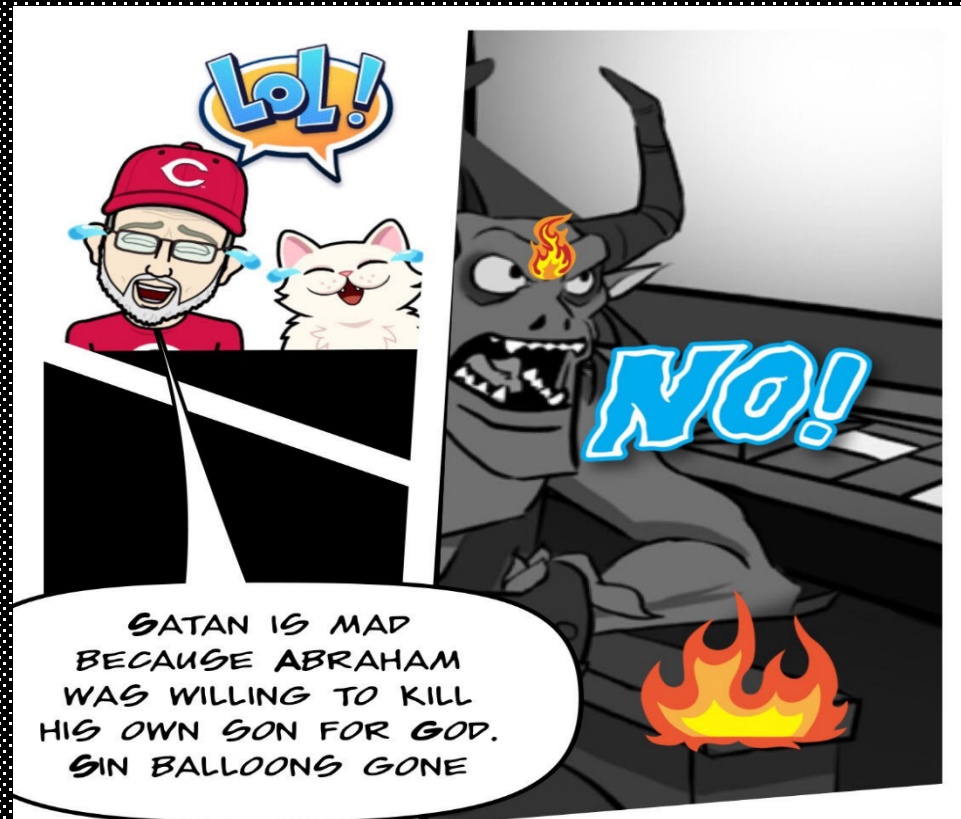

## SATAN AND THE SIN BALLOONS

God started seeing that this world was developing a stronger urge to sin that to reach out to him. He knew of one man, not completely righteous (nobody yet could make that claim) but he loved God and was obedient to him. So he instructed Noah to build an Ark and to fill it with male and female of all species of animals and insects. He gave Noah precise measurements for the Ark and plan for loading the animals. He told Noah he was going to flood the world and destroy everyone and everything in it. The people have turned their backs on God and in order to save them, he must destroy them. He told Noah that the flood would last 40 days and he and his family would be safe and start the world over.

## SATAN AND THE SIN BALLOONS

God knew that Abraham loved him, but Abraham wanted a son so bad that God wanted to test him to see which he loved more. God was probably observing Abraham to see how difficult it would be to sacrifice a son for others as well (God had planned to sacrifice his Son, Jesus, later in the Bible). Abraham was fully prepared to sacrifice his son with full obedience but God saved Issac and blessed Abraham for his unconditional obedience and love for the Lord. The place of sacrifice became none as, the Lord will provide, Jehovah Jireh.

## THE PLAGUES OF EGYPT

Satan's is enjoying the game and the health meter, not so much for evil, but for helplessness and losing faith is getting stronger. The famine helped him gain extra points and the killing of first born children made it possible to add additional buttons, like slavery and power to Pharaoh..

Moses went back and had to impose many miracles and plaques before Pharaoh would give in. This included turning his staff into a snake, turning the Nile into blood, followed by plaques of frogs, lice, flies, and hail and locusts. But it wasn't until the 10<sup>th</sup> Plaque, from Pharaohs own mouth of every first born child to die...

### MOSES FREES THE SLAVES

THE HEBREWS WHO WITNESSED GOD'S POWER, BUILT AN IDOL 40 DAYS AFTER MOSES WENT UP THE MOUNTAIN!

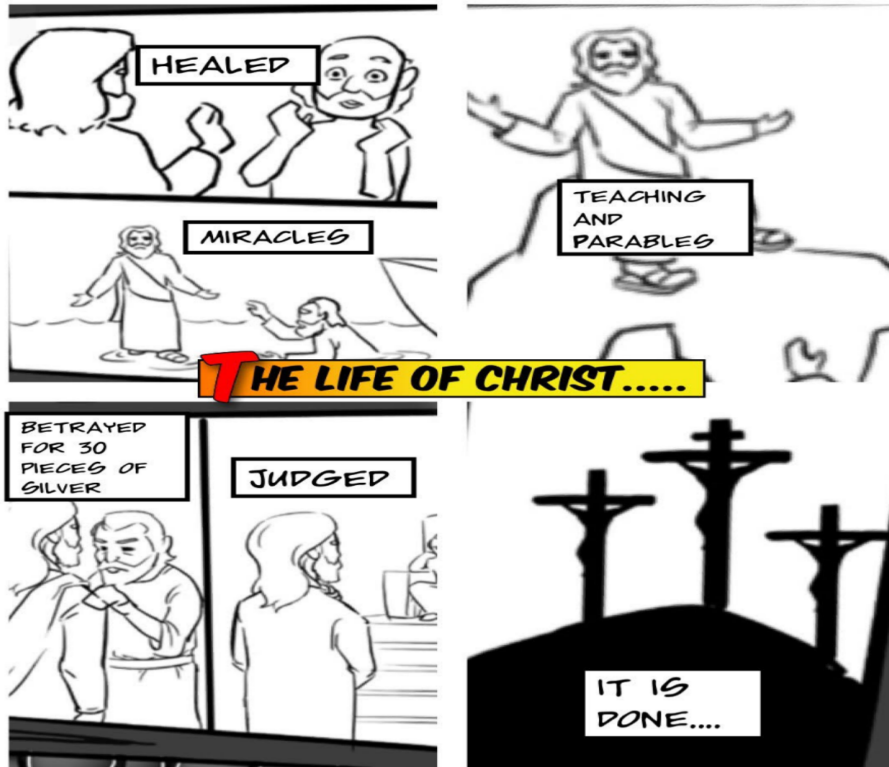

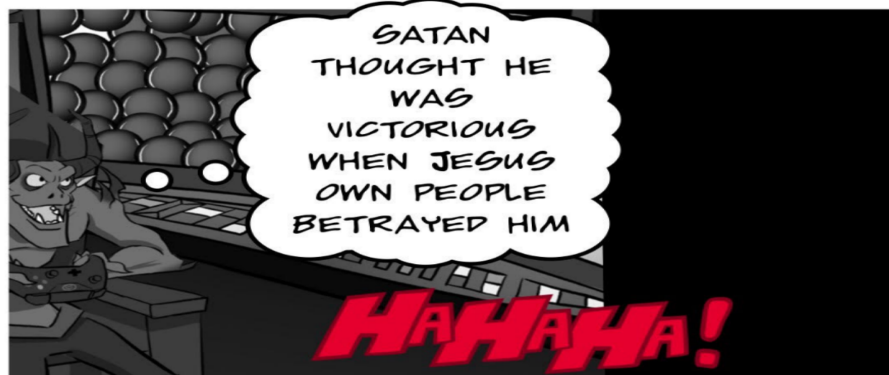

### MOSES BREAKS THE FIRST SET OF COMMANDMENTS ON THE IDOL

God took 40 years of leading the Moses to the mountain for testing their faith. Even though they had seen these miracles; including the parting of the Red Sea, they started complaining and losing their faith and growing angry and discouraged, losing their love for God and placing blame on Moses and his God. Some begged going back to Egypt

When Moses went up to the mountain, it took nearly 30 days, the people had already lost faith and made golden calves to worship. When Moses came down the mountain with the commandments, he saw the very thing God warned them not to do and broke the commandments into pieces. But God forgave anyways and destroyed the golden calf and made a place for them to sacrifice and worship him and called it a tabernacle.

There are many other stories that followed faith and disobedience including; Joshua and Jericho; Gideon's army of 300; Sampson; David and Goliath; King Solomon and the Building of the Temple; Elijah and Elisha- Jonah in the body of a whale; Daniel in the lion's den. Daniel was also a great prophet who have key clues to end times and the approach of Christ Kingdoms.

There were many prophecies about end times and a Savior that would come so that Adam (man born of sin) could be redeemed by Jesus (man born of no sin) Isaiah 53 and Micah 5 are two really good chapters to review. It describes the Messiah and where he would be born. "The Greatest Story Ever Told!"

I have another book (more for adults) called "They Loved the Darkness"

Check it on YouTube or my website:
